### General info

|                           |                                                                                    |
|---------------------------|------------------------------------------------------------------------------------|
| <b>LOCATION</b>           | indoor                                                                             |
| <b>INSTALLATION</b>       | Ceiling Suspended                                                                  |
| <b>INGRESS PROTECTION</b> | IP20                                                                               |
| <b>WEIGHT (KG)</b>        | 3.4                                                                                |
| <b>ADJUSTABILITY</b>      | non adjustable                                                                     |
| <b>INFORMATION</b>        | INCL.PC SBL<br>EXCL.LED POWER SUPPLY 700-900mA-DC<br>INCL.1 x SUSPENSION TUBE 0.5m |

### Electrical info

|                     |                           |
|---------------------|---------------------------|
| <b>CLASS</b>        | III                       |
| <b>DIM TYPE</b>     | depending on power supply |
| <b>ENERGY CLASS</b> | E                         |
| <b>CERTIFICATES</b> | CB, EAC, ENEC, EPD        |

### Lightsource info

|                                    |                                                              |
|------------------------------------|--------------------------------------------------------------|
| <b>LIGHTSOURCE NAME</b>            | LED                                                          |
| <b>LIGHTSOURCE</b>                 | LED cluster 28,2-39W / CRI>90 (R9: 59) / 2700K / 3888-5160lm |
| <b>SDCM</b>                        | SDCM3                                                        |
| <b>LM80</b>                        | L70 > 30000                                                  |
| <b>LED TECHNICS (LIGHT SOURCE)</b> | 5160lm // 39W // 132lm/W                                     |
| <b>LED TECHNICS (LUMINAIRE)</b>    | 3101lm // 44,8W // 69lm/W                                    |

### Requirements

LED POWER SUPPLY 700 / 900mA-DC DIM

For detailed installation instructions, please consult the manual : [321\\_409\\_93\\_HAND.pdf](#)

FINISH YOUR SPECIFICATION

| LED power supplies                                                                                                                                                                                                                                                                                              |                                                                          | # of Fixtures             |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------|---------------------------|
| <div><div><div></div><div></div></div><div># of fixtures indicates how many devices can be connected (min -&gt; max) to the power supply. The values before and after the ' ' correspond respectively with the minimum and maximum driving current. Values between brackets are applicable to 110V.</div></div> |                                                                          | Min current   Max current |
