

MULTINOVA 30 & 55

Listing

ETL certified to US and Canadian safety standards.

Warranty

5-year limited warranty.

As a disc of light, Nova refers to the Supernova range, as both families share similarities in looks and ways of installation. Offered as a down and down-up version and a limited height of only 2"-3/4", Multinova comes in our standard black or white and can also be finished in the warmer Gold Colored. To top it off – next to a opal sandblasted or prismatic optic – one can opt for a smoked sheet at the front for a more decorative touch. When turned on the disc is fully lit, when turned off a deep dark arises, ideal in combination with a Gold Colored Multinova.

Specification	Multinova Adjustable Pivot	Multinova Adjustable Suspended	Multinova Fixed
Adjustability:	Adjustable 0-45° / 360°	Adjustable 0-90° / 355°	Fixed
Rating:	IP20		

Performance	Static CCT (Down / Up)	Soft Dim
