

HEDRA / VIZIR 2S

Hedra & Vizir add refinement, finesse and color to the range. They are characterized by an atypical hinge, a design element that not only catches the eye, but also serves as storage for technical parts inside the luminaire. Next to black and white, the Hedra is available in the new Gold Colored anodization and Black Bronze finishes, with faceted texture. The faceted design of the Hedra captures and reflects the ambient light with an ever-changing look as result. Vizir is a smooth cylinder, offered in the same beautiful finishes.

| Specification | |
|----------------------|-------------------------|
| LED Aperture | 1 ^{27/32} " |
| Installation Method: | 1/2" EMT or 4" J-Box |
| Adjustability: | Adjustable 0-90° / 355° |
| Rating: | IP20 |
